## **Drawings**

1. The drawings are objected to under 37 CFR 1.83(a). The drawings must show every feature of the invention specified in the claims. Therefore, the claimed limitation, for example "spacers particles on the substrate to support the cap.." must be shown or the feature(s) should be canceled from the claim(s). No new matter should be entered.

Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filling date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Note that none of the figure(s) of the present application appears to show "spacer particles" support the cap, except Fig. 1 of prior art shows spacer particles 116 supporting the cap.

2. Applicants' arguments filed on 08/18/2006 have been considered. Applicants

argued that "The epoxy 314 is deposited along the outer edges of the display area to

adhere the foil 312 to the glass.... But rather a continuous structure". The arguments

are persuasive. The Examiner hereby withdraws the rejections and claims 1-21, and 43-

48 are allowed.
